

Safety Must not be Compromised...

...Beware of Counterfeit Chemical Products

To guarantee authenticity of our products and security in their use, Rhodia is pioneering the use of DNA-encryption technology.

As a first step, since April 1st 2006, all Jaguar® products sold in the World bear a unique identification tag.

At Rhodia we do more than build molecules. Our innovation is the foundation for sustainable advantage in the dynamic world of Personal Care and Oral Care.
